

History between the Canaanites and Yisraelites homeland:

According to the Scripture books, the Canaanites once have lived in the Southern Levant, which is now recognized as Israel, the Palestinian Authority, Jordan, Lebanon, and parts of Syria.

The Canaanites who once have lived there during the Bronze Age (circa 3500-1150 BCE). They've built cities across the Levant around 4000 years ago. The Canaanites are best known as the people who have lived *"in a land flowing with milk and honey"* until they were vanquished by the ancient Yisraelites who was guided by **יהוה** (YAH), the Almighty Creator ONE who made the heavens and Earth.

The Canaanites were a hostile, pre-Yisraelite indigenous population residing in the *"promised land"*. They were conquered by the tribes of Yisra'el under the leadership of YahuSha (Joshua) following their Exodus from Egypt. This is the most importation history we the people cannot ignore. The reason of this, the promised land which **יהוה** gave to Yisraelite is own by HIM. HE is the rightful owner of the land which ever HE gave to.

In our present 21st century, the modern-day [Palestinians](#) and [Lebanese](#) appear direct 90% descendants from the Canaanites. Who they share a common genetic heritage with the ancient Canaanites. The other percentage of Canaanites who also evolved along with other several groups, such as the Phoenicians, Edomites, Moabites, and Ammonites, and this also includes the Yisraelites as well. Yes, part of the Yisraelite people who family with the Canaanites who later knew as the [Palestinians](#) and [Lebanese](#). Whether they were once the tribal of Reuben, Simeon, Judah, Issachar, Zebulun, Benjamin, Dan, Naphtali, Gad, Asher, Ephraim, or Manasseh.

Understand this, the identities of the ancient Canaanites people according to the scripture book of Genesis, they were the descendants of Canaan. Yes, the Canaan who is the son line of Ham and the grandson of Noah. The term **"Canaanite"** is also used alongside with other descendants of Canaan, such as the [Amorites](#) and [Girgashites](#). As well the [Hittites](#), [Jebusites](#), [Hivites](#), and [Perizzites](#). They as the Canaanites were the Northwest Semitic people and the culture who has lived in the Palestine and Western Syria sometime around before 1200 BC. That area was variously known as the [Kingdom of Ylsra'el](#), [YahuDah \(Judea\)](#), and [Samaria](#) long ancient ago. Under the Roman Empire, YahuDah's sovereignty ended in their home land. By 70 CE, ["Syria Palæstina" was a province that combined Roman Syria and Roman YahuDah \(Judea or Judah\)](#). So, the name of this region had changed from mixed of [Roman-Judea to Palestine](#), they called themselves as [Jewish-Palestinian](#). So, the name ["Palestine"](#) was assigned to the region after the Romans put down the Bar Kochba rebellion around A.D. 135. Once again, this ancient [Jewish-Palestinian](#) state came into existence around 135 A.D., following the Bar Kochba rebellion.

So, from the history we see, both, the Canaanite and Yisraelite throughout different time have had lived in that surrounding land where *land flowing with milk and honey* is. This *land flowing with milk and*

honey is surrounding in the area from the Red Sea to the Mediterranean Sea, and from the desert of Sinai to the Euphrates River (Exodus 23:31).

According to TANAKH, the leadership of YahuSha (Joshua) of Yisra'el overtakes this *land flowing with milk and honey* which the **Canaanites** once roam in that area for a long time. And again, **אלהים**, the Creator ONE who made the heavens and earth have the right to give the 12 tribes Yisra'el this *land flowing with milk and honey*. He has chosen the 12 tribes of Yisra'el to take over this promised land because they follow HIM, while other do NOT. **אלהים** also wants HIS house (the Temple) to be built there. Which is HIS rightful kingdom where HIS people will live. This is why the **Canaanites** as foreigners has been rebellion against the 12 tribes of Yisra'el for many centuries for taking the land they once lived. Each of the 12 tribes of Yisra'el who once ruled their land had expanded with many new tribal names. After many years of expanded, it was no longer the 12-region kingdom of Yisra'el. This including how the foreigners took over their land after war number of time. This is why many of us as of today have a hard time knowing whether these lands belong to the Jewish or Palestinian.

Yisra'el-Palestinian Conflict:

We have been witnessing this Hamas-Israel war since October 7th, 2023. Not exactly knowing who really started, after many claimed it was Hamas who started. We were told that the Palestinian Islamist movement that governs in Gaza, began firing the rockets at Israel. This war in Israel; caused a major conflict between the Palestinian and Yisraelites people. Because of their long history battle one another many times. The conflict has become much trouble and bloodier since this Hamas-Israel war.

On October 7, 2023, an armed conflict broke out between Israel and Hamas-led Palestinian militants from the Gaza Strip. **FYI: Not all Palestinian people in Israel are on Hamas's side**. This is why we have a major problem. It becoming more complicated and conflict for the Yisraelites to deal with the Palestinians, who to trust. Not too long ago, the wars between the Israel and the Palestinians have had fought one another in 1948–49, and then again in 1956, 1969–70, 1973, 1982, 1987-1993, and the last one was in the years 2000-2005. However, they have fought long before the 20th century too. Before the 402 years of the **Ottoman Empire** who once ruled the region where Israel is today, the Palestinians were the **Philistia (Philistines)** people back then. Oh yes, they were the Philistia (Philistines) people. They have fought against the Yisraelites a number of times. The Philistines defeated the Yisraelites army and captured the Ark of the Covenant (according to First Book of Samuel 4:1–10). They also fought against King Saul, and his son Jonathan, and a small force of a few thousand Israelite soldiers defeated a massive Philistine force (First Book of Samuel 13:5). This is how and why the 12 regions of Yisra'el had long change over time.

The ancient Greeks were the ones who created the name "**Palestine**" for **Philistia**; to describe the five-city area in the Philistine confederacy. The area was known as Philistia, or the Land of the Philistines, and included the cities of Gaza, Ashkelon, Ashdod, Gath, and Ekron. The Romans adopted the term in the 2nd century CE and renamed the southern portion of the province of Syria "Syria Palaestina". The Romans identified the Philistines as the worst enemies of the Jews. This is why the British used the name

"Mandatory Palestine" in the 20th century to refer to a territory from the former Ottoman Empire. The Sykes–Picot Agreement divided the territory, and Britain secured it via the Mandate for Palestine obtained from the League of Nations. The Sykes-Picot Agreement was a 1916 secret treaty between the United Kingdom and France, with assent from the Russian Empire and the Kingdom of Italy, to define their mutually agreed spheres of influence and control in an eventual partition of the Ottoman Empire. The agreement effectively divided the Ottoman provinces outside the Arabian Peninsula into areas of British and French control and influence. The British-controlled regions included southern Israel, Palestine, Jordan, southern Iraq, Haifa, and Acre. France was allocated southeastern Turkey, the Kurdistan Region, Syria, and Lebanon. The mandate included an area roughly comprising present-day Israel and the West Bank. While the Philistia was ruled under the Ottoman Empire and the British, they ended up adopting the name "Palestine" over a year. Sir Mark Sykes from Britain and François Georges-Picot from France, both made a huge mistake for having the Palestine take over the land that does not belong to them. Because **فلسطين** gave it to the 12 tribes of Yisra'el.

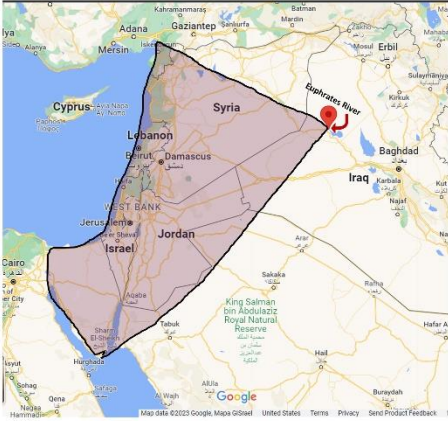

Over the course period, the Philistia people were no longer the same ancient people, because they married along with the other people throughout time. Palestinians did acquire in some genetic contributions from the Greeks, Romans, and the Yisraelites as well. This is why their original strong ancestry or identity were predominantly the Lebanese, Arab, and Muslim. Therefore, the Palestinians are a diverse and complex people, who have a rich and long history in the region where people lived all over the land in Israel today.

Now, the problem with the modern-day Palestinians and the Israeli, they do not realize that they were the same **Canaanites** and **Yisraelite** people who continuing on fighting one another. They also once were living in the same land while dealing with the Ottoman, Greek, and Roman Empire rulers. Whether today they called themselves as Jewish, Muslim, Palestinians, or Israeli people; just as United States or United Kingdom have mixed of people living together, shouldn't fight one another. And what more, we are all like brothers, sisters in cousins, because we all came from the children of Shem, Ham, and Japheth. That is Noah's descendant's children.

Once again, we must respect **فلسطين**'s covenant promise HE made with Abraham, and the promised land HE gave this **land flowing with milk and honey** to the future 12 tribes of Yisra'el HE mentioned in Genesis 15:18-21?

"The lands from the river of Egypt to the great river, the Euphrates river, the land of the Kenites, the Kenizzites, the Kadmonites, the Hittites, the Perizzites, the Rephaim, the Amorites, the Canaanites, the Gergashites, and the Jebusites."

Exodus 23:31 - "I will give you all the land from the Red Sea to the Mediterranean Sea, and from the desert of Sinai to the Euphrates River. I will let you defeat the people living there and force them all to leave.

And again **שׂדֵי** mentioned this promise land giving to the Israel in the book of Exodus chapter 23. This is the evidence why the Palestinians originally the people from the Canaanites. Which is why **שׂדֵי** force many foreign including the Canaanites out. Yisraelites have been living in those land for many years until they've disobedience to **שׂדֵי**. Which is why Yisrael had their temple destroyed twice and lost their kingdom more often. After Rome ruled their land, everything change about the kingdom of Israel. That how and when the Canaanites took the opportunity take over the land they once lived. People who claimed to be the Jewish in the modern-day Israel are also the Cannanites people. Even if they disagree, and say we're the Israel people. Because they are no longer the Judah people who evolution from the true YahuDah of **שׂדֵי**'s people. YahuDah were one of the 12 tribes of Yisra'el.

- Discovered why the Jewish aren't the Yisraelite people - [a9b19d_c914d417ea3b4c178d2d38b1d1963e12.pdf \(attest.tv\)](https://www.attest.tv/a9b19d_c914d417ea3b4c178d2d38b1d1963e12.pdf)

One day, **שׂדֵי** will send Elijah back to earth to prepare for HIS coming back - Malachi 4:5-6. We are in the near end time prophecy because of how prophet Daniel describes about the future prophecy which the four kingdoms will fall, which already have fulfilled. And now, we are at the time of the 10 toes, mixture of iron and clay. After the divided kingdoms that alliances with each other throughout the world. But it will not hold together for long. Because there is one more prophecy that hadn't happens yet. It's this rock that will crush and end all the kingdoms of this world, and this ROCK will stand forever - Daniel 2:34-35, 44-45. **שׂדֵי** is the ROCK who will deliver HIS forever kingdom here on this earth. No more trouble on earth, because their will be no SIN upon this world.
